Dear Committee,

Joyce Treulieb and I have worked together over the past couple of years at CMC in a variety of capacities. Joyce has always been interested and invested in disability related matters and students with disabilities on campus.

When requested to make an accommodation for a student, Joyce ensures that it happens with no issues. She makes herself accessible and approachable to students outside of classroom time. Students on campus feel comfortable asking Joyce clarifying math related questions or for extra assistance when needed.

Additionally, Joyce has partnered with me providing programming for students in the Yampa Valley Autism Program that take CMC classes. She helped plan and host a YVAP karaoke night for all of the students in the cafeteria. The night was a big hit. It is invaluable to have faculty members participate in these types of student based activities and programs.

I value Joyce as a part of our community campus and appreciate the efforts she has made in diversifying student activities.

Please reach out with follow up questions. I can be reached at 970-819-4206 or ecolson@coloradomtn.edu.

Sincerely,

Elisha Colson

Hi Elisha and Jon! I just met with student government, and they voted to help us with Karaoke night! They will text the students, provide the flyers, and put it up on the monitors!

Hi Jon-

I think that sounds super fun. I've added Joyce to this email. She is an instructor here at CMC who wants to plan an event for YVAP. Joyce, John is a student at YVAP. Maybe you two could plan this together?

They said they will make all the flyers in full colors and distribute them for us! They were super helpful! They voted unanimously to help us out!

Haha- right!

Ok let's find out. Are they making flyers or are we?

Great. What time is dinner? I say we do it during that time.

Jon is totally going to want to MC ;)

The main thing is to pick a start and end time. I can emcee the event, but really don't want to sing.

Let's meet another Thursday at lunch before the event to do some more planning.
