# ORMATYC

ORMATYC is a non-profit educational association.

ORMATYC has several purposes.

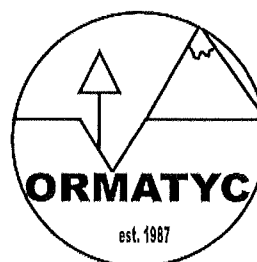

- To encourage the development of effective mathematical programs.
- To afford a state forum for exchange of ideas.
- To further develop and improve the mathematics education and the mathematics-related experience of students in two-year colleges.
- To promote the professional welfare and development of its members.
- To afford a forum for input at the state level concerning mathematics education.
