Subject: Feedback on Today's Trauma-Informed Pedagogy Workshop

Hi All—

Thank you so much for attending the Trauma-Informed Pedagogy Workshop this morning. I'm including a Survey Monkey link here to gather a bit of feedback about folks' experiences. It's just 3 questions. I'd really appreciate it if you would take a few minutes to record your thinking. This will help me know if there is interest for additional professional development opportunities like this one. 😊

Thank you!
